Network Spinal Analysis **Intermediate and** **Advanced Care Intensive**

Join the evolution of evidence based wellness care!

The most comprehensive NSA clinical program ever! Learn, expand and refine both NSA Intermediate and Advanced Care clinical strategies in one extraordinary weekend. This entire seminar has been designed to maximize your learning experience as you transform and awaken your understanding and application of Level 2 and Advanced Care. Here are some of the strategies that you will gain at the program:

Intermediate Care - Transform and Refine

- ✓ Encounter the three unique portions of Intermediate Care, spinal and neural integrity and emerging strategy assessment for each, the force applications, resting positioning of practice members, and the wellness indicators desired that will amazingly transform lives
- ✓ Explore the development of a second coordinated spinal oscillator and the use of tension within the spine and somatic structures as "fuel" to harness available energy for spinal reorganization and reconstruction
- ✓ Realize graceful transitions from Basic Care into Intermediate Care and through each of its sublevels
- ✓ Study the concept of emerging properties in greater depth, and the clinical applications of differentiated segmental motion, free energy, "driving" articulations, and additional Phase One Options
- ✓ Understand communications for the Levels of Care in relationship to the participation of the spine and nervous system to enhanced self awareness and nurturing self responsibility in the practice member
- ✓ Physiology of defense as compared to the physiology of growth and development
- ✓ Understanding the emerging properties of the nervous system and the spine as well as Defining, Detecting and Addressing the Spinal Gateway™

Advanced Care - Expand and Awaken

- ✓ Sponsor individuals toward the awakening of their inner heart and transpersonal experience
- ✓ Discover effective transitions from NSA Intermediate Care into Advanced Care
- ✓ Learn the Long and Short Lever Arm Maneuver, Iliac Crest, Extension Positive, and the force applications unique to Advanced Care
- ✓ Understand the progression through the three aspects of Advanced Care, as the thoracic oscillator becomes more primary, and the other spinal oscillators entrain to the pace setter of the "heart"
- ✓ Modulation of force application between Levels of Care
- ✓ Explore the implications of spinal, somatic, respiratory, and cardiac entrainment
- ✓ Integrating Somato Respiratory Integration (SRI) through out the levels of care
- ✓ Wellness Care and beyond!

“Network Spinal Analysis and Somato Respiratory Integration, Donny Epstein’s revolutionary methodologies, are amongst the most powerful sources of personal transformation I have ever experienced or seen. They produce embodied and empowered strategies that are both sustainable and enjoyable for enhanced human resourcefulness and wellness.”

I am stronger, more inspired, creative and healthy because of this work. It has personally and professionally helped me to maximize my ability to contribute to others.”

- Anthony Robbins
Peak Performance Coach and
Best-selling Author, Unlimited Power

A Note from Donny Epstein

Dear Practitioner,

As many practices are now moving their practice members into Intermediate Care and developing and refining the Somatopsychic wave within the first few weeks of care, mastery of Level Two NSA Care is essential. With this more rapid movement through Level Two of care, knowledge of the transition to and application of Advanced Care is indispensable.

As research continues to explore and document the unique NSA waves and segmental oscillation, it is even more evident that refinement of Intermediate Care is the key to NSA practice. In Level Two of Care the individual develops strategies to transform one's spine and life. In Advanced Care the practice member explores and celebrates the birth of the inner heart and the transpersonal experience.

I have redesigned this entire program featuring a new format including MORE HANDS-ON time, as well as access to ADVANCE INSTRUCTION AND REVIEW before the program to create the greatest integration of information and wisdom into your hands, mind and being possible.

I guarantee this is a program you do not want to miss as it is the most comprehensive, congruent and cohesive clinical program I have ever presented.

See you there!
Donny Epstein

For those seeking revolutionary and practical means of advancing their human condition, experience and relationships, **Dr. Donny Epstein** has been considered for over 25 years to be one of the true sages and genuine alchemists of growth, human potential and body/mind healing. His contributions include models of assessing and initiating healing, wellness, personal growth, conscious embodied awakening and bio-cultural transformation.

He is founder and developer of the revolutionary technologies **Network Spinal Analysis** and **Somato-Respiratory Integration** sponsoring individuals to create new embodied strategies for living, healing and loving. His methods are researched at universities, incorporated into post graduate programs in several disciplines and are received by many thousands of people worldwide.

His books include **The Twelve Stages of Healing** and **Healing Myths, Healing Magic**. Additionally, his work, articles and research have appeared in numerous academic journals as well as popular press around the world. Recently several articles and presentations have appeared highlighting the profound quality of life changes associated with Network Care as well as evidence of new strategies of organization within the human nervous system.

Donny and his wife Jackie are committed to creating an entrained biological field of human consciousness and love throughout the world, thereby empowering necessary global change through the transformation of individuals, couples, families, communities and nations.

Network Spinal Analysis™ Certification Exams

Monday, November 8th - Como: Part I, II, & III

There are three parts to N.S.A. Certification. Part I is a written examination for certification in the Basic and Intermediate Levels of Care. Part II is a written examination on the Advanced Level of Care. Part III is a practical examination for testing hands on skills in applying the clinical material.

It means more than just a certification on your wall. It provides what both doctors and their patients/members have asked for, a means of knowing if a practitioner has achieved a high level of mastery of current N.S.A. material. N.S.A. Certification distinguishes practitioners as leaders in healing and wellness.

Who is eligible for these certification examinations? - Any D.C. or chiropractic student may apply for the N.S.A. Part I & II Certification Examinations. Part II certification will be granted upon successful completion of Part I & Part II. Part III may be taken by D.C.'s upon successful completion of both the Part I and Part II Certification examinations.

24 Hour Secure Online
Registration Available.
