Statement of Intent: I understand that this is an Educational Seminar, from which I may experience a greater connection with my inner wisdom. One particular spiritual path or model is not stressed as being more valid than others, and different models may be presented during separate programs. I understand that this seminar is not a means of diagnosing or treating any condition, physically, emotionally, mentally, psychologically, or spiritually and that I participate under my own volition and responsibility. I know that this weekend is part of an evolving process, and regular visits to my network practitioner and other frequented healing facilitators are suggested following the program. Although all of the Entrainers are Doctors of Chiropractic, they are offering care as a wellness, awakening and educational tool at this Transformational Gate Program, and not acting in their capacity as chiropractors. Various classes which may include movement, breathing, yoga, toning, meditation, and other forms of internal reeducation and awakening are offered during the Transformational Gate. Any of these types of programs in and of themselves may awaken physical and emotional feelings or memories. It is understood that sometimes healing during the transformational process feels wonderful, or ecstatic, and sometimes it does not feel comfortable at all. It is further understood that if any practice member is currently in the care of a psychologist or therapist, that professional consent has been given by the practitioner to attend this weekend. I grant my practitioner permission to release my personal and clinical information to WISE WORLD SEMINARS for the purpose of assessing me at this program. I understand that portions of the program may be recorded through photo, video and/or audio and I agree to allow Wise World Seminars and its agents to use photos/video/audio taken of me for educational, commercial, marketing, and public relations purposes. Any and all of said reproductions are the exclusive property of Wise World Seminars and Wise World Seminars is the exclusive copyright owner in perpetuity. I shall have no claim, right or interest to any of these reproductions and my signature hereto grants permission to Wise World Seminars to use any of said reproductions in any responsible manner, including, but not limited to: publications, advertisements, web sites, and/or commercial products. I understand the information on this form and agree to participate in THE TRANSFORMATIONAL GATE and/or EUROGATE with the intent described above.
